IN THE UNITED STATES COURT OF APPEALS
FOR THE DISTRICT OF COLUMBIA CIRCUIT

COMPETITIVE ENTERPRISE, INSTITUTE, *et al.*, PETITIONERS, v. NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION, *et al.*, RESPONDENTS.	No. 20-1145, and consolidated cases

NATIONAL HIGHWAY TRAFFIC SAFETY ADMINISTRATION'S
CERTIFIED INDEX TO THE ADMINISTRATIVE RECORD

I, James Tamm, am the Chief of the Fuel Economy Division of the Office of Rulemaking of the National Highway Traffic Safety Administration (NHTSA), an operating administration of the U.S. Department of Transportation.

I hereby certify, to the best of my knowledge and belief, that the materials identified in the attached indexes comprise the administrative record for the NHTSA action taken in the notice entitled The Safer Affordable Fuel-Efficient (SAFE) Vehicles Rule for Model Years 2021-2026 Passenger Cars and Light Trucks, by NHTSA and the Environmental Protection Agency (EPA), which was published at 85 Fed. Reg. 24,174 (Apr. 30, 2020) and is the subject of the above-captioned petitions for review.

The indices are as follows

1. Index to DOT docket, Docket No. NHTSA-2018-0067;
2. Index to DOT docket, Docket No. NHTSA-2017-0069; and
3. Index of confidential documents.

The first index identifies public information related to NHTSA's rule, other than public information related to NHTSA's Environmental Impact Statement for the rule. The second index identifies public information related to NHTSA' s Environmental Impact Statement for the rule. The public information identified in the first and second indexes is available at www.regulations.gov. The third index identifies the portion of the record that is non-public because it contains confidential business information.

In addition, NHTSA incorporates by reference the administrative record of EPA for this rulemaking.

Executed on this 6th day of July, 2020.

James Tamm, Chief
Fuel Economy Division
Office of Rulemaking
National Highway Traffic Safety Administration
U.S. Department of Transportation
