

SCHEDULE OF EVENTS

MONDAY, MARCH 10

- 12 P.M.** Meet the Methane Innovators
- 1 P.M.** The Holistic View of Methane Measurement Tech
- 2 P.M.** The Value of Pragmatic Methane Management Solutions
- 3 P.M.** The Path to Energy Security: Achieving Global Competitiveness with Emissions Data
- 4 P.M.** The Link Between Measurement and Mitigation
- 5 P.M.** Industry Spotlight: Journey to Gold Standard Methane Reporting

TUESDAY, MARCH 11

- 9 A.M.** Meet the Methane Innovators
- 10 A.M.** Emissions Managed: Data in Action
- 11 A.M.** EU Methane Regulation Compliance Solutions
- 1 P.M.** The Market for Lower Emissions Gas
- 2 P.M.** Harmonizing Disparate Data Sets
- 3 P.M.** Bridging Gaps from Monitoring to Action
- 4 P.M.** Tracking Methane Emissions Changes to Meet Reductions Goals
- 6 P.M.** Reception

WEDNESDAY, MARCH 12

- 9 A.M.** The Next Methane Emissions Challenge: Supply Chain Mapping
- 10 A.M.** Meet the Methane Innovators
- 11 A.M.** Filling the Knowledge Gaps: MethaneSAT Data and Pathways to Adoption
- 12 P.M.** Industry Spotlight: Keeping Methane in the Pipe
- 1 P.M.** Harnessing Innovation to Overcome Methane Data Challenges
- 2 P.M.** A New Era of Methane Emission Data Transparency
- 3 P.M.** Climbing OGMP Levels: Experiences from the Field
- 4 P.M.** Navigating the Methane Remote-sensing Landscape and Unlocking Value

THURSDAY, MARCH 13

- 10 A.M.** Case Studies of Collaboration: How the Oil and Gas Industry Can Work Together to Drive Down Methane Emissions
- 11 A.M.** Large to Small Emitters, What Methane Satellites Reveal about Both
- 12 P.M.** A Basin-by-Basin Approach to Mapping Methane
- 1 P.M.** The Future of the Methane Market
- 4 P.M.** Meet the Methane Innovators
